

SAFE OPERATING PROCEDURE ADVENTURE ACTIVITY **Flying Fox Camp Waikato Front Pond**

- 2 supervisors over 18 years old, per 12 participants.
- All activity supervisors to be trained by a CYC Instructor.
- CYC instructor will go through the daily pre-inspection checklist.
- All equipment must be fitted and used correctly.
- Supervisor on Take Off End must wear a correctly fitted harness and remain connected to safety line while on the platform.
- Only one participant on the flying fox and one participant on the platform at a time (max weight 120kg and minimum height of 1m)
- Expectant mothers or participants with injured backs should not use the flying fox.
- No loose fitted clothing or loose jewellery, long hair must be tied back.
- Crocs and other loose slip-on footwear are not permitted.
- Participants must take off from lowest step that they can reach.
- Participants must hold onto the clear tube and always keep their feet towards the ground while suspended on the flying fox.
- Communicate with other supervisor using clear hand signals and visual clarification. Both arms up in a Y shape with thumbs up as a go visual and arms across chest in X shape as a no visual.
- Make sure the flying fox line is clear including objects in the water and that there are no obstructions on the steps or at the dismount end.
- Raft building is prohibited from crossing over the Flying Fox boundary rope.
- Participant must put feet down on the ground at the landing side of the Flying Fox to slow them down.
- Activity supervisor to take pulley off at other end and participant to walk pulley back with harness on by leaving through the personal gate and going around the outside of the fenced Lake area.
- Supervisors must supervise participants at all times and must not leave equipment unattended.
- Have extra supervision for participants that are waiting when required to safely run the activity.
- Reapply sunblock regularly on fine days; If a Natural Hazard e.g. severe weather event takes place, CYC staff reserve the right to close the activity
- Keep harnesses and other flying fox equipment clean and place in a locked container, in a dry area, when not in use.

All damage and injuries must be reported to CYC Staff as soon as practicable

Failure to follow these instructions could result in injury.

CYC reserve the right to close this activity if these instructions are not followed.

To contact CYC Staff go to the office
