Hello Leaders,

We've been working away at new ways to improve our leaders training and make the most of our limited time together on Sundays before campers arrive. Our goal is to spend less time sitting and listening and more time intentionally connecting, building relationships and preparing for camp together. Our dream is to have all the required formal training completed before you arrive at camp!

Kids Camp Leader Online Training

If you would like to volunteer at future Kids Camps, you are expected to complete an online Google Classroom training once a year.

There are **8 modules** to work through. Each module includes:

- A document to read
- A video to watch
- A short quiz to complete

The modules aren't overly difficult, but they will help test and reinforce what you know. All the answers can be found in the videos or accompanying documents. You can complete one module a day or smash the whole thing out in one go! Your progress will be saved as you go, so you can come back and pick up where you left off.

How to Complete Your Training

Watch the short video below to see how to access and complete your training.
https://youtu.be/B47HCecRkAU

Deadline: Please complete all 8 modules by the week before Kids Camp. You can work through them at your own pace, as long as everything is finished by the deadline.

https://classroom.google.com/c/ODg0ODQzNTAwODcz?cjc=prsr24cz

Thanks for being willing to invest your time in preparing for camp. We're excited about what this new approach will allow us to do together and look forward to making our time at camp even more intentional and meaningful!

Signing Up for Kids Camp

Some of you may already be familiar with our new registration website. If you haven't already, **you will need to create a new account** before signing up for camp. You can

find instructions on how to create your new account in this newsletter: https://preview.mailerlite.io/preview/1168828/emails/201806324222133356

Understanding the New Terminology

In our old registration system, we gave you a *coupon code* to sign up for camp. You would enter the code, and a package such as LIT Programme or Leader would appear. With our new system, coupons work like they do in online shopping, giving you a discount at checkout. Instead, we will now give you a **package password** to access the correct registration option. You'll enter it in much the same way as before. When registering, look for **"Have a package password?"**, click on it, and enter the password we provide.
A new package will show up. Click on the relevant package password. Eg "**Volunteer**" "**LIT Program"**.

Watch this video on how to enter the password.

https://www.youtube.com/watch?v=Mw-fzJ476Oc

Why Do I Need a Password?

Before we send you the password, we need to check that your paperwork is up to date, including your Police Vet and Kids Camp training. Once you have registered your interest in serving at the upcoming camp, we will check your file, let you know if anything needs updating, and send you the password to complete your registration. This helps us make sure everyone is ready for camp and that all the necessary paperwork and training are up to date before we arrive.

Thanks for helping us keep everything organised!

Jess and Jazmin
