

Christian Youth Camps

Risk Disclosure Statement

Acknowledgment of Risk

We agree to attend Christian Youth Camps Inc (CYC) and participate in Outdoors Activities provided by the camp.

We acknowledge that risks and hazards are inherent in outdoors and adventure activities and even with appropriate safety measures accidents may occur while individuals participate in these activities.

These accidents can result from the nature of the activity and can occur without any fault on either the part of participant or the camp and its employees. By choosing to participate in the activities we acknowledge that there is a risk of an accident occurring.

Although much thought and research has gone into preparing the SOPs and RAMs, we acknowledge that they are “living” documents and will change from time to time as new situations arise. We also understand that it is impossible to predict how every participant will react in a situation and we acknowledge that unpredictable behaviour may occur.

To reduce the risk of accidents occurring, CYC has well trained staff and has put in place a safety management system. The safety procedures and systems in place at the camp meet the standard set by the New Zealand Government.

We understand that we may participate in camp activities such as; Indoor Rock Climbing, Crate Climbing, BMX, Target Shooting, Flying Fox, Archery, Mudslides, Cookouts/Campfires, Campouts, Kayaking, Paddleboats, Hydroslide, Team building course, Bush Walks, Shotgun Paint ball, Field Games, Swimming Pools, Top Town Events, Eeling, Animal Survival, Extreme Stream Walk, Geocaching, Minigolf, Orienteering, Raft Building, X-Shot Wars, and Wide Games.

We understand that the majority of the activities at CYC (excluding the Climbing Wall, Crate Climb, BMX, and Target Shooting) are run by responsible adults/young adults accompanying the holiday camp, who will receive instruction and are under surveillance of experienced CYC Staff members. We agree that CYC instructors and management have the right to stand down participants, or supervising adults, for repeated or severe misconduct or behaviour during activities, that might put themselves or others at risk.

We agree to inform CYC Management or Instructors of any health history or confidence issues that may affect the safe running of the activities participated in.

By signing the Holiday Camp Registration Form you are agreeing to this Risk Disclosure Agreement
