SAFE OPERATING PROCEDURE

Waterslide

- 1 Activity Supervisor per 12 participants.
- Check slide and landing pool is clear of all objects, sticks, and stones etc.
- Turn on taps. Ensure that the slide is thoroughly wet before use.
- Check water level before use; Do not operate activity until the landing pool has been filled to the upper drain/ overflow.
- Max 2 participants at a time, going down feet first (at groups discretion and acceptance of risk).
- Waiting participants must stay behind the line.
- If sliding in pairs participants must be of similar weight and height.
- Sliders must both start at the same time (not in intervals).
- Sliders to sit at top of slide before starting, no running starts.
- No standing or surfing on the slide.
- Sliders must exit the landing pool only via the green astroturf.
- Next slider(s) starts only when slide and landing pool are clear.
- No detergent to be used.
- Do not drink the water from tap.
- Close gates and turn off the water supply when activity is not in use.
- Wear sunscreen.

All damage and injuries must be reported to CYC Staff as soon as practicable.
Failure to follow these instructions could result in injury.
CYC reserve the right to close this activity if these instructions are not followed.
To contact CYC Staff go to the office.
